DIARY DATES

Nothing to report for your diary yet

With school being arranged into 3 pods at the moment, not all children get to see what each other are up to in their classes. It seems very strange with siblings not seeing each other during parts of the day or our biggest children playing with and nurturing our youngest like they usually do so wonderfully during play times. So here is a snap shot of what has been going on around school.

George, Mr Easterbrook's tortoise, came to school for the day In Class 4! Class 2 have created colour monster jars to help them think about their feelings and Class 3 were practising being conductors of an orchestra!
